## *Gordon Head Community Association Quarterly Newsletter*

Here we are in June already! We're changing our newsletter format in conjunction with our website launch. In this issue you'll find summaries of content that will be posted on the website. Visit our website at [www.gordonhead.ca](http://www.gordonhead.ca), use the QR code, or click on the links provided in each section to take you directly to related content.

On April 3rd we held our AGM at which Dean Murdock was our guest. Unfortunately the turn out was not what we had hoped, but it did afford a good opportunity for those who attended to express their concerns and have their questions answered.

We have some new and continuing board members, and we also have room for new faces. Please consider joining us.

Our photo contest has been extended! Please send your photos in .jpeg format to [contact@gordonhead.ca](mailto:contact@gordonhead.ca) before August 15th.

We wish everyone a safe and happy summer!

## Development

In the March issue we highlighted two developments in Gordon Head, the Marlowe and Campus View. This quarter we wanted to draw your attention to the Abstract Development at the corner of Feltham & Gordon Head Road as well as the University District project. You should also be aware of the upcoming redevelopment of the Lambrick Park Campus, which we will explore at a later date.

## Join the Board

We have open positions on the board and, in particular, we are looking for someone to take on the Transportation portfolio. Transportation Planning, road safety, and infrastructure improvements are increasingly more important as our neighbourhood is further developed. The GHCA Board is seeking a candidate to play an important and leading role on this topic. Please contact us if you are interested in learning more about this position.
